COD LIVER OIL

with that awful taste, is like the proverbial rose with a thorn—a good thing with a drawback.

It is prescribed for wasting diseases, general debility, coughs, chronic colds, consumption, etc., and we are expected to make it as palatable as possible.

OUR CUSTOMERS

tell us our preparation is remarkably pleasant, and meets the demand of the times. It is pure, elegant and full strength.

(FULLY GUARANTEED.)

All Around the County.

SANDYSTON IN GENERAL

Town meeting is not far away, and as a recent law requires the present committee of officers there is an opportunity of electing a new board, which along with the other officers to be elected will make the spring election interesting. Candidates are slow about coming out, but no doubt they will be heard from in time to be voted for.

Sidney Utter and wife, of Mc Affee this county, spent a couple of days visiting Isaac Shafer of this town. Mr. Utter had never visited this section before, and was highly pleased with the appearance of the country. Land may not be as high priced here as it is east of the Blue Ridge, but we get the yield all the same.

John Smith gave a dance on Friday night and the boys had a fine time, if their wagon had not broken down they would have enjoyed it much more. Go it on foot is safest.

Our singing teacher did not get here on Thursday evening owing to the threatening weather and his pupils were greatly disappointed. However, he may be assured that their lesson will be perfect at the next session of the school.

In my last writing I stated that Mrs. Alfred Elliot would be taken to the Port Jervis hospital last week. She was taken to a New York hospital on the 29th, where the X rays will be used to ascertain, if possible, the location of her stomach trouble.

Mrs. Benjamin Rosenkrans, who has been ailing for sometime, is critically ill at this writing.

Vendue notices are being posted in our stores and other places of business. From reading them I notice that you can buy anything needed on the farm or in the house.

I have not heard whether our Assemblyman's Bill for public watering troughs has become a law or not, but if it does it will prove a benefit to the public. There is a law now in force, allowing the maintenance of a public watering trough to have a certain sum deducted from his tax, well, they won't come unless anyhow.

Thomas Lantz, of the Stroudsburg Normal school, spent a couple of days with his parents last week. Tom is looking tip top, and although working hard is losing none of his vivacity.

Madison Shay informs me that he has no intention of moving on the farm of Evi Brink at Tuller's Corner. Some one started the report with no foundation in fact.

Benjamin Mettler, of this town, is seriously ill with an attack of pneumonia. Mr. Mettler has always enjoyed excellent health and now at the age of 76 years is paying full dollars for medical aid.

Albert S. Rosenkrans will leave Tuesday of this week for an extended trip through Virginia, visiting Lynchburg his former home, Richmond and other points.

Complaint is frequently heard that some of our school rooms are not kept comfortable during school hours in cold windy weather. Suppose our B. of E. should take one school house each year, rip off the siding, sheet the building, then a layer of paper over that, replace the siding and your school rooms will be comfortable, if doors and windows are made tight. As it is today our coal bills are immense.

From present indications the creamery at Bevens will not start up with anywhere near the number of cows that he been anticipated. Very few if any cows will be secured North of the creamery. This is too bad, for I had hoped to see this venture a grand success, but the prospect is mighty slim now.

Benjamin F. Rosenkrans the efficient manager of the Club House hatchery reports the eggs are coming out nicely and that at the present time about 40,000 young trout are in the boxes, with 15,000 more eggs to hatch. The greatest care must be taken of the little speckled fellows, and so far Mr. Rosenkrans loses in small fry and eggs has been very small. They will be kept in the boxes until they are large enough to take care of themselves and then will be placed in our streams and the Club's ponds.

A portable engine passed through here enroute to Walpack the parties intending to saw wood with their machine. The way they finished up landward Westbrooks large wood pile at Bevens, would indicate that this machine rapidly and cheapness are combined.

A kind friend in Newark sent me a Sunday edition of the "Call" and it I found something that may interest teachers generally. In a report of that city's schools I find the following:

65 teachers have taught one year.
103 " " " from 1 to 5 yrs.
187 " " " 5 to 10 "
102 " " " 10 to 15 "
94 " " " 15 to 20 "
86 " " " 20 to 25 "
40 " " " 25 to 30 "
37 " " " 30 to 40 "
8 " " " over 40 "
1 " " " "

and one teacher has taught in the same school for 37 years. Here in Sussex and Pike counties teachers seldom stay more than a year or two in a school, and when a teacher gets his school in shape for doing better work his time is up. The above figures may be interesting to Boards of Education.

A Life and Death Fight.

Mr. W. A. Hines of Manchester, N. H., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Trial bottles free at all drug stores.

Lewis Ackerman, Goshen, Ind., says, "DeWitt's little early riser always bring certain relief, cure my headache and never grip." They gently cleanse and invigorate the bowels and liver.

MONTAGUE.

Work for the devil and board yourself may suit some, but not others.

Politics is awaking over here. A democratic caucus has been called for Tappantown to be held next Saturday afternoon. Two citizens will hold a caucus at the Brick house on this Saturday afternoon of this week. There will be some palling and lots of fun for outsiders.

John Wood and wife of Matamoras visited D. E. Everett over Sunday.

Mrs. Sally Everett celebrated her eighty first birthday March 1.

Miss Clara Gebhardt of Milford was a visitor over here Sunday.

Mrs. Gottfried Weiland Jr. has returned from Arlington N. J.

Here you are "Grand Entertainment" etc., to be given in the R. T. church on Wednesday evening Feb. 14, if it don't storm, if it does come the next clear night and bring 25cts which you can exchange at the door for a ticket, and ticket will allow you to enter and see—Annt Dinah's Pledge.

Rev. J. W. Meyer of New Brunswick N. J. has accepted the call of the consistory of the Minniskink R. T. church. He expects to begin his labor here about May 1.

Miss Kitty Sayre gave a tea party to a few invited friends Saturday afternoon.

Jacob went after a skunk, the skunk resented being pulled out of the hole. Result: a badly perframed Jacob.

Some boys who tried to run a school over here were sent home for a week.

The river road near the residence of Mrs. Alice Black was badly washed by the late rain.

Peter Brink will move to the Manning Hotel on farm, we wish him luck.

Cigarette making should not be indulged during church, neither should sniggering during services. They show bad manners.

Geo. Y. Hornbeck who has been a resident of Montague almost his life, has moved to Port Jervis. His son-in-law Corey Bell takes possession of his farm.

Little given, little required.
The Rock Spring Creamery will open for business on April 1st.

WOODTOWN.

Thursday's storm did considerable damage to the Parker's Glen road, the brook having been turned from its course by the jamming of an old quarry bridge. Supervisor Haas and a competent crew pounded a few tons of rock into the ruts on Saturday. This will help fill warmer weather.

Victor Swezy, who has for several years been at work in Paterson stone yards, has entered the Standard Blue Stone Company's employ. In Hugh Pelton's place. William Stratford will also take James McCarty's place as foreman.

"Pop" Carry has but one worry these blustery days, and that's the wood pile.

M. Mattice is staying with John Courson.

George Reaggs' married sister, Mrs. Swartz, with her two children, Sophie and Anna, is wintering at her brothers farm.

ARE YOU GOING SOUTH FROM THE NORTHERN STATES?

The Best Route to Travel is From New York to Norfolk, Va., by the old Dominion Steamers.

The most elegantly fitted boats, finest state rooms and best meals. The rate including meals and state rooms is less than you can travel by rail, and you get rid of the dust and changing cars.

If you want to go South beyond Norfolk to Southern Pines and Pinebluff, the Winter Health Resorts or to Vaughan, N. C., the Pennsylvania Colony headquarters, Penckland, N. C., the New England Colony, Statham, Ga., the Ohio Colony and headquarters of the Union Veterans Southern Settlements, you can connect with the Seaboard Air Line. For information as to rates of travel address H. B. WALKER, Travel Manager New York City.

For information as to farming or mineral lands, water powers, manufacturing sites or winter resorts, rates of board rent of cottages etc., address JOHN PATRICK, Chief Industrial Agent S. A. L. Pinebluff, North Carolina.

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at all drug stores.

DINGMANS FERRY.

The championship for undertaking must be awarded Mr. Bryan. His taking the New England states lately was no doubt to assist pull horses to aid in tarrying the Democratic party next fall. He met with no discomfiture, they will be on hand.

J. M. Aldrich of Westfall has bought three cows of H. D. Wells, off the old Van Gordon place.

Prosperity seems to have reached here. One merchant has an order for several thousand rail road ties, and has just put in a stock of 150 barrels of flour.

Crossing the river here has been a nuisance this winter, but we will soon have a bridge.

The Snyder boys are rushing their timber job at Porters Lake.

Mr. McMorry and family do not intend living on their farm this year.

Influenza or grip is troubling many here.

Hyman Reuter, who for several years past has been crippled with rheumatism, is recovering and apparently will soon be rid of the complaint. Humble oil has relieved him.

Mrs. Eva Gilmore, who for some time has been sick is nearly recovered.

D. O. Brothhead is rid of his severe cold and begins to appear as well as ever.

Hugh Hesthead of Conover is getting out white pine lumber.

Lease Smith is again supercilious and many patches on our roads, hereabouts neglected, are attracting his attention. This makes those using the road smile.

Henry Van Aaken, one newly elected school director, may become a model if he avoids doing some of the things the others did.

Our roads are in bad condition but we do not envy the Jerseyman.

We read with pleasure the proposal of the Lackawanna farmers to have a public sale at stated terms. It would aid buyers greatly if farmers would publicly announce in the Press that they had cattle for sale, would save time, trouble and expense for the buyers, would then know just what to do, and would not be compelled to spend time traveling from house to house.

Spokes are being hauled to Milford in large quantities. Good prices prevail, but those who take only firewood are disappointed.

It will probably be a generation before the two hills, one at the Cemetery and one at Quaker, are changed. People do not seem to realize what a saving in carting could be made by avoiding them.

Jersey must be out of the U. S. because it imposes a duty of two or three dollars on all cattle imported, in the way of fees for examination. The state ought to bear the burden.

We all seem to be living to cheat, beat and double the injury possible to each other and if one tries to change the situation and become social the community side on him. Every one acts as if he was the only perfect being.

KIMBLES.

J. G. Holbert was a caller in town a day last week.

Mrs. Lafayette Robinson and two children, of Hawley, visited at A. Briggs last week.

E. Kimbles and family visited friends in Paspuck Sunday and Monday.

George Milham, wife and son, of Port Jervis, spent Sunday with her parents.

A. L. Cronk and Irvin Dawitt, of Rowland, passed through town Sunday.

Mrs. A. L. Cronk, Dollie Placson, and Luma Kelly attended the funeral of Mattie Wright at Hawley Monday.

Hollen Piersa is visiting a few days at Nelson Dawitts at Rowlands.

Supervisors Phillip Krouse and A. Briggs went to Rowlands Monday to be sworn in. Our roads are washed quite badly with the heavy rains we have had this winter.

E. Mulline was the guest of Lafayette Rowland, or Rowlands, Monday night.

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Browner of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what those who have proved that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cts. Sold by all druggists, guaranteed.

Mrs. Harriet Evans, Hinsdale, Ind. writes, "I never fail to relieve my children from cramp at once using one minute cough cure. I would not feel safe without it." Quick cures cough, colds, grippe and all throat and lung diseases.
